Wendy R. dixon,

1 I live in Kirkwood between to railroads only one mile apart for each other.
I feel a great threat to my life and for my family. I do not what to see
another Times Beach story of evacuation. Not even a Francis Howell episode.
These town were destroy by Gov. contamination. Has not Missouri had enough
radioactive or chemical problems.

This is the Madrin fault area for earthquakes. Train derailment is going to
happen.

There should be another alternative.

the unsinkable titanic sank. The construction of the cast could shield us
but not 100%
